Crazy liberal Wisconsin Supreme Court Justice Jill Karofsky believes the Trump case is racist and in place to keep the king in power. This lady should not be on any court bench.

Wisconsin Justice Jill Karofsky believes the entire Trump case is racist. She says this because the Trump team filed its suit in Wisconsin against voter actions in the two largest counties in the state where Milwaukee and Madison reside. These also happen to be where tens of thousands of votes were suspiciously cast. They also happen to have a large population

of minority voters. (Democrats always use minority areas to commit their voter fraud which tells you what they really think about minorities.)

A screenshot of a tweet from the user Rabitt (@CuriousRabitt). The tweet text reads: "Jill Karofsky brings out the racism card" followed by a quote: "'This lawsuit smacks of racism'". Below the text is a large empty rectangular box, likely a placeholder for an image or video. The tweet is timestamped "1:11 PM · Dec 12, 2020" and shows 71 likes and 69 replies. The Twitter logo is visible in the top right corner of the tweet frame.

Crazy Karofsky also said she believes that the suit was filed because the Trump team:

What you want is you want us to overturn this election so your king can stay in power, and that is so un-American but for you to say that anyone in Wisconsin engaged in fraud but for you to perpetuate that fallacy on the people of Wisconsin and the people of the United States of America in what has been called the most significant election in our lifetime is nothing short of shameful."

Taken from the hearing about voting fraud in Wisconsin. This isn't an attorney arguing for the state of Wisconsin, they are comments from a Wisconsin State Supreme Court Judge, one of several who will make a ruling on the case. Impartial? You decide.

She's a piece of work. Sounds like a damn child

Wow – this woman should never be sitting on a court bench – just Wow.
