

Phoenix Muslim Kills Wife & 2 Daughters in Honor Killings Because Allah Told Him To

For the past decade, as tens of thousands of Muslim have immigrated to the United States, with the help of Barack Obama, have claimed that they don't want to change America, but just take advantage of the American dream.

However, many Muslim immigrants continue to live by the barbaric customs and traditions that they sought to leave behind – namely sharia law.

Under Islamic and sharia law, women are not any different than livestock or material possessions which can be discarded and destroyed if no longer wanted if they do anything to harm the honor of the men in the family.

Such is the case with a Phoenix Muslim who is trying to justify the murder of his wife and 2 daughters, claiming that due to adultery and extramarital affairs, his honor was shamed and that according to Allah, he had the right to kill them.

“He said that the reason he shot these individuals is because in God's eyes, it was all right for him to deal with someone in this manner who had been involved in adultery, extramarital affairs.”

Apparently, Smith was trying to cleanse his family's honor, which is done by killing the offender.

And there will be much, much more of this in America: **Muslims commit 91 percent of honor killings worldwide.**

The Palestinian Authority **gives pardons or suspended sentences** for honor murders.

Iraqi women have **asked for tougher sentences** for Islamic honor murderers, who get off lightly now.

Syria in 2009 scrapped a law limiting the length of sentences for honor killings, but “the new law says a man can still benefit from extenuating circumstances in crimes of passion or honor ‘provided he serves a prison term of no less than two years in the case of killing.’” ...

This is not the first case of honor killings here in America and it won't be the last.

This is why some states have passed or tried to pass laws that prohibit the legalization of sharia law.

Over the years, I've seen accounts of a father and mother killing their teenaged daughter because she was seeing a boy.

And not to mention a judge in Pennsylvania who happened to be a Muslim set free a fellow Muslim for physically assaulting a man dressed as a zombie Muhammad for Halloween, even though the incident was witnessed by police.

In that case, the Muslim judge berated the victim for insulting Islam, something you never see in court with someone insulting or blaspheming Jesus Christ.
